The Freedom Sculpture: Freedom a Shared Dream

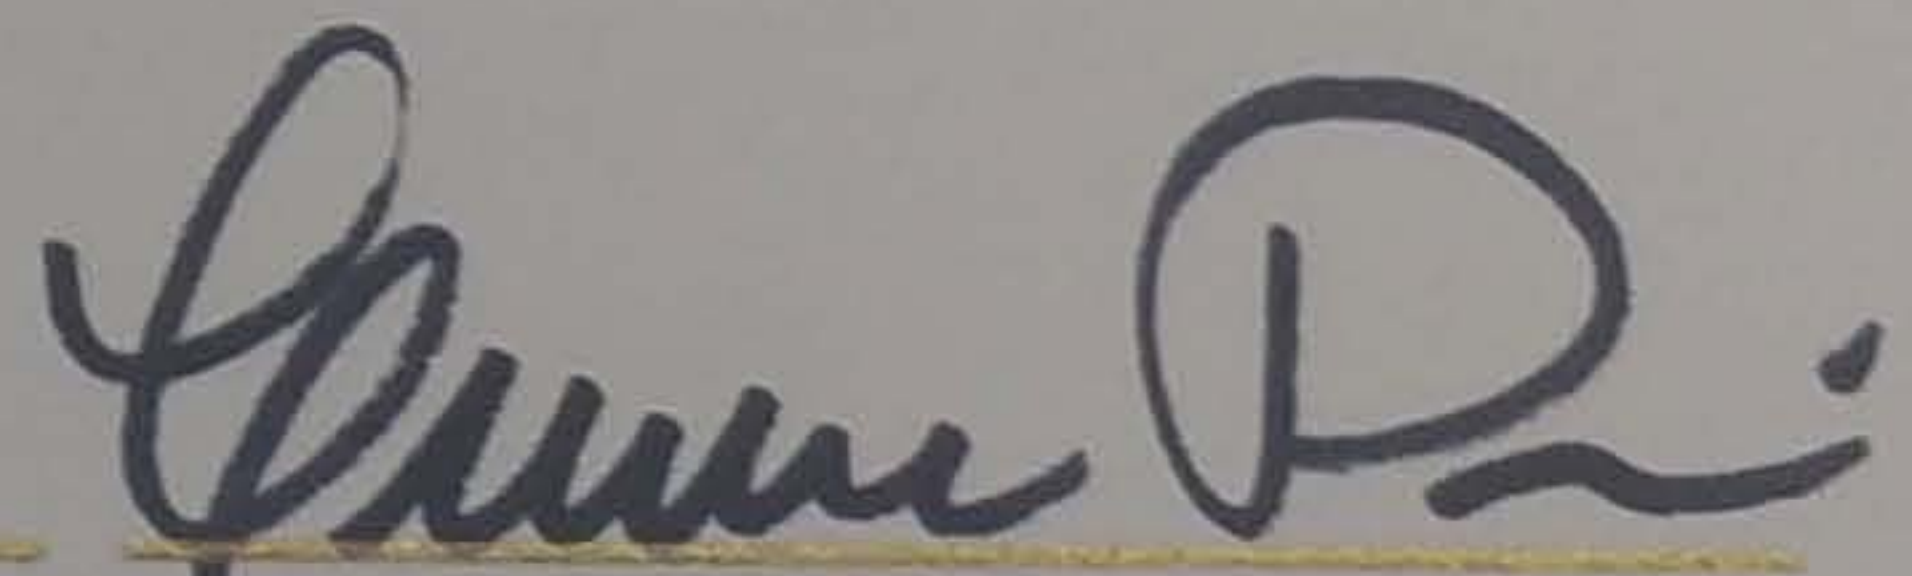

The City of Los Angeles joins in saluting and celebrating with the Iranian American community and the Farhang Foundation on the grand occasion of the unveiling of The Freedom Sculpture: Freedom a Shared Dream. This monumental sculpture is a historic gift to the City of Los Angeles symbolizing freedom, multicultural coexistence, and respect for diversity, highlighting American values embodied by the kaleidoscope of people and cultures who live harmoniously together in greater Los Angeles. The City furthermore recognizes all those involved for their outstanding and generous contributions in making The Freedom Sculpture possible. We thank Farhang Foundation for their profound leadership and civic involvement and for making such a significant impact through this project. Through steadfast ways and caring deeds, the Iranian American community and the Farhang Foundation are making Los Angeles a better place in which to live.
